DRY BEAN EXPORTS IN 1969-70

VALUED AT \$40.2 MILLION

Commercial exports of dry edible beans in the marketing year ending August 1970 totaled a record 4,341,807 cwt., valued at \$40.2 million. This is 59 percent greater than the 2,736,498 cwt. exported in 1968-69, with a value of \$25.6 million. Relief shipments of 62,266 cwt. were valued at \$0.2 million.

Navy (pea) bean exports of 1,828,376 cwt., valued at \$13.3 million, were 42 percent of total shipments. The United Kingdom and EC countries received 75 percent of the total.

In the other classes of white beans, Great Northern exports increased 64 percent over the previous year mainly because of the large shipments to France and Spain, and "other" whites were up from 73,147 cwt. in 1968-69 to 122,719 cwt. in the marketing year just ended, with France receiving one-third of the total.

Pinto exports were up 173 percent -- Mexico and the Dominican Republic took 93 percent of the 551,815 cwt. total. Red kidney exports were up from the very low volume of the previous year. French West Indies, Dominican Republic, and Jamaica were the principal recipients. Black bean exports reached a record total of 366,523 cwt., and Venezuela received about 90 percent of them. "Other" colored bean exports were up, mainly because of increased exports to Japan. Seed bean exports increased by 71 percent.

Exports to EC countries were 949,420 cwt., compared with 384,884 cwt. the previous year and the 1960-64 average of 511,357 cwt. France received 46 percent of these shipments.

The United Kingdom, our major market, took 23 percent of total exports.
